RAHUL JANGRA

BCA(AI&ML)Student•Software&AISystems Developer • Technical Writer

Location: Mangaluru, Karnataka, India **Phone:** +91 8980764505 **Email:** rahuljangra070407@gmail.com
GitHub:github.com/devrahulin

PROFESSIONAL PROFILE

Second-yearBachelorof Computer Applications (BCA) student specializing in **Artificial Intelligence & Machine Learning** at St. Agnes College Mangaluru, backed by a strong foundation in Humanities and Informatics Practices from Army Public School Chennai. Active developer proficient in bridging applied ML pipelines (TensorFlow, acoustic feature processing, predictive analytics) with production-ready software systems across Android (Kotlin) and Linux (WSL 2, Bash). Enthusiastic NCC cadet bringing disciplined project execution, technical leadership, and demonstrated hackathon experience to software development, research, and technical content writing roles.

TECHNICAL COMPETENCIES

Programming Languages	Python, Kotlin, C, Bash / Shell Scripting, HTML5, CSS3, JavaScript (Foundational)
AI / ML & Data Science	TensorFlow, Scikit-Learn, Audio & Acoustic Signal Processing, Statistical Analysis, Predictive Modeling, NumPy, Pandas
Platforms & Development	Android Studio, Windows Subsystem for Linux (WSL 2 - Ubuntu & Kali), Git & GitHub, VS Code
Developer Workflows	On-device Model Deployment (TFLite), Android Background Services, REST APIs, Linux Administration & Disk Image Management
Tools & Documentation	Markdown, LaTeX, Technical Architecture Writing, Google Workspace, MS Office Suite (Word, Excel, PowerPoint)
Soft Skills	Analytical Problem Solving, Technical Communication, Cross-Functional Team Leadership, Disciplined Execution

EDUCATION

Bacheloro fComputerApplications(BCA)—Artificial Intelligence & Machine Learning **2025 – 2028 (Expected)**

St. Agnes (Autonomous) College, Mangaluru, Karnataka

- **Curriculum Focus:** Foundations ofA I&ML, Statistical Applications in Computing, C Programming, Digital Electronics, Discrete Mathematics, Web Technologies, Database Systems.
- Maintained a consistent **86%+ attendance record** and high academic standing across consecutive semesters.

Higher SecondarySchoolCertificate (Class XII) **Completed 2025**

Army Public School, Chennai, Tamil Nadu

- **Academic Stream:**H umanitieswithInformatics Practices | **Score / CGPA:** 8.3
- Established core expertise in computer logic, foundational programming, algorithmic analysis, and structured research.

ENGINEERING & AI PROJECTS

AcousticGuard& TEJASHWINI—On-DeviceAndroidThreatClassification System **Aug 2026**

Native Android Application • Kotlin, Python, TensorFlow Lite, Android AudioRecord API

- Architected anintelligent,real-timeaudio surveillanceand safety app tailored for emergency detection and localized alerts.
- Trained and converted acoustic signal classification models via TensorFlow Lite for low-latency, edge-based audio inference.
- Integrated lightweight Android foreground and background services to perform continuous inference with minimal power and RAM draw.
- Constructed fail-safe incident notification modules featuring automated GPS coordinate dispatch and audio event telemetry.

Statistical ApplicationsinAI/ML—Research&Analytical Framework **Aug 2026**

Python, NumPy, Scikit-Learn, Matplotlib, LaTeX Documentation

- Authored a comprehensive academic monograph evaluating the role of probability distributions, inferential statistics, and hypothesis testing in modern artificial intelligence algorithms.
- Programmed reproducible empirical test suites in Python comparing parameter optimization techniques across regression and classification tasks.
- Structured clear documentation guidelines bridging abstract mathematical theories with concrete algorithmic implementations.

Developer Portfolio & Engineering Showcase Platform

Ongoing

HTML5, ModernCSS3,Git,GitHubPages(github.com/rahibladex)

- Built a clean, mobile-responsivedeveloperhubwithcustomCSS themes to display software repositories, project architecture notes, and technical articles.
- Implemented responsive interactive sections and modular layouts without heavy runtime overhead or bloated external frameworks.

LEADERSHIP & CO-CURRICULAR ENGAGEMENTS

National Cadet Corps (NCC) — Active Cadet

2025 – Present

MangaluruGroup / St.AgnesCollegeUnit

- **Inter-Group Drone Competition:**D esigned presentation decks, poster architecture, and strategic briefs highlighting unmanned aerial vehicle (UAV) reconnaissance and automation concepts.
- **Parade & Ceremonial Service:** Entrusted with Indian National Flag bearer duties during official independence and institution ceremonies.
- Demonstrated high endurance, regimented discipline, team coordination, and crisis adaptability through rigorous field drills.

Hackathon Participant & Competitive Problem Solving

2026

- Collabo ratedinintensiveteamhackathons,conceptualizingand rapid-prototyping functional solutions under constrained timelines .
